

What Makes a Great Guest for Crowned Conversations™

Crowned Conversations™ is a faith-infused, trauma-informed podcast hosted by Dr. Denyse H. Turner. This platform exists to amplify voices that bring healing, wisdom, and transformation while helping listeners move from pain to purpose and from silence to strength.

Who We're Looking For

We invite guests who can share real-life experiences with emotional and spiritual maturity. You don't need to have a perfect story but you should be able to reflect with clarity, growth, and intention.

Great Guests Are:

- Authentic and reflective and able to speak honestly from a place of growth, not reactivity.
- Comfortable with real, mature conversations about life, faith, and healing.
- Grounded in purpose, not performance and focused on transformation, not shock value.
- Aligned with trauma-informed, faith-respecting dialogue.
- Prepared to add value, not pitch products or promote agendas.

Topics That Align Well

- Healing after trauma, grief, abuse, or betrayal
- Relationships, marriage, divorce, and reconciliation

- You are unwilling to engage respectfully or thoughtfully
- You are seeking sensational or graphic storytelling
